

# Coursera Capstone Project - Optimal Locations for Coffee Shops in Toronto

*A Python workbook created by Catherine Gao*

In this capstone project, I will leverage the Foursquare location data to solve a real-world business problem.

## 1. Introduction/Business Problem

In this capstone project, I will identify the optimal locations to open a coffee shop in the city of Toronto, Ontario. Toronto is one of the major cities in Canada. Being one of the country's populous metropolitan areas, Toronto is an international centre for business and finance, and home to numerous tourists from all over the world.

Opening a coffee shop in this city represents business opportunity but also strong competition at the same time. This project will explore clusters of neighborhoods in Toronto to recommend locations for a good coffee shop business.

The target audience of this project will be those who desire to open a coffee shop in the city of Toronto. Those who are interested in opening a business in Toronto or other metropolitan areas can apply the same analysis to their choice of business.

## 2. Data

This project will leverage the following two data sets:

1. Toronto Postall Codes Wikipedia Page - I will scrape the following Wikipedia page, [https://en.wikipedia.org/wiki/List\\_of\\_postal\\_codes\\_of\\_Canada:\\_M](https://en.wikipedia.org/wiki/List_of_postal_codes_of_Canada:_M) ([https://en.wikipedia.org/wiki/List\\_of\\_postal\\_codes\\_of\\_Canada:\\_M](https://en.wikipedia.org/wiki/List_of_postal_codes_of_Canada:_M)), in order to obtain the data on postal codes and boroughs in the city of Toronto.
2. Foursquare location data - an API that provides multi-dimensional data on geolocations, venues, and attributes. This data will help to identify types of business in a specific area and their associated ranks. A link to connect to Foursquare's API platform can be found here: <https://developer.foursquare.com/> (<https://developer.foursquare.com/>).
3. Geolocation csv file - a csv file that has the geographical coordinates of each postal code: [http://cocl.us/Geospatial\\_data](http://cocl.us/Geospatial_data) ([http://cocl.us/Geospatial\\_data](http://cocl.us/Geospatial_data)). This data will be used to visualize the clusters of neighborhoods on a folium map.

### 3. Exploratory Data Analysis

which represents the main component of the report where you discuss and describe any exploratory data analysis that you did, any inferential statistical testing that you performed, if any, and what machine learnings were used and why.

#### 3.1 Data Processing

First, scrape data and clean up neighborhood data for Toronto. Put it into an acational pandas dataframe.

More than one neighborhood can exist in one postal code area. For example, in the table on the Wikipedia page, you will notice that M5A is listed twice and has two neighborhoods: Harbourfront and Regent Park. These two rows will be combined into one row with the neighborhoods separated with a comma.

Only process the cells that have an assigned borough. Ignore cells with a borough that is Not assigned. If a cell has a borough but a Not assigned neighborhood, then the neighborhood will be the same as the borough.

	PostalCode	Borough	Neighborhood
0	M3A	North York	Parkwoods
1	M4A	North York	Victoria Village
2	M5A	Downtown Toronto	Regent Park, Harbourfront
3	M6A	North York	Lawrence Manor, Lawrence Heights
4	M7A	Downtown Toronto	Queen's Park, Ontario Provincial Government
5	M9A	Etobicoke	Islington Avenue, Humber Valley Village
6	M1B	Scarborough	Malvern, Rouge
7	M3B	North York	Don Mills
8	M4B	East York	Parkview Hill, Woodbine Gardens
9	M5B	Downtown Toronto	Garden District, Ryerson

#### 3.2 Loading Geolocation Data

Use the Geocoder csv file for the geographical coordinates of each postal code.

	Postal Code	Latitude	Longitude
0	M1B	43.806686	-79.194353
1	M1C	43.784535	-79.160497
2	M1E	43.763573	-79.188711
3	M1G	43.770992	-79.216917
4	M1H	43.773136	-79.239476

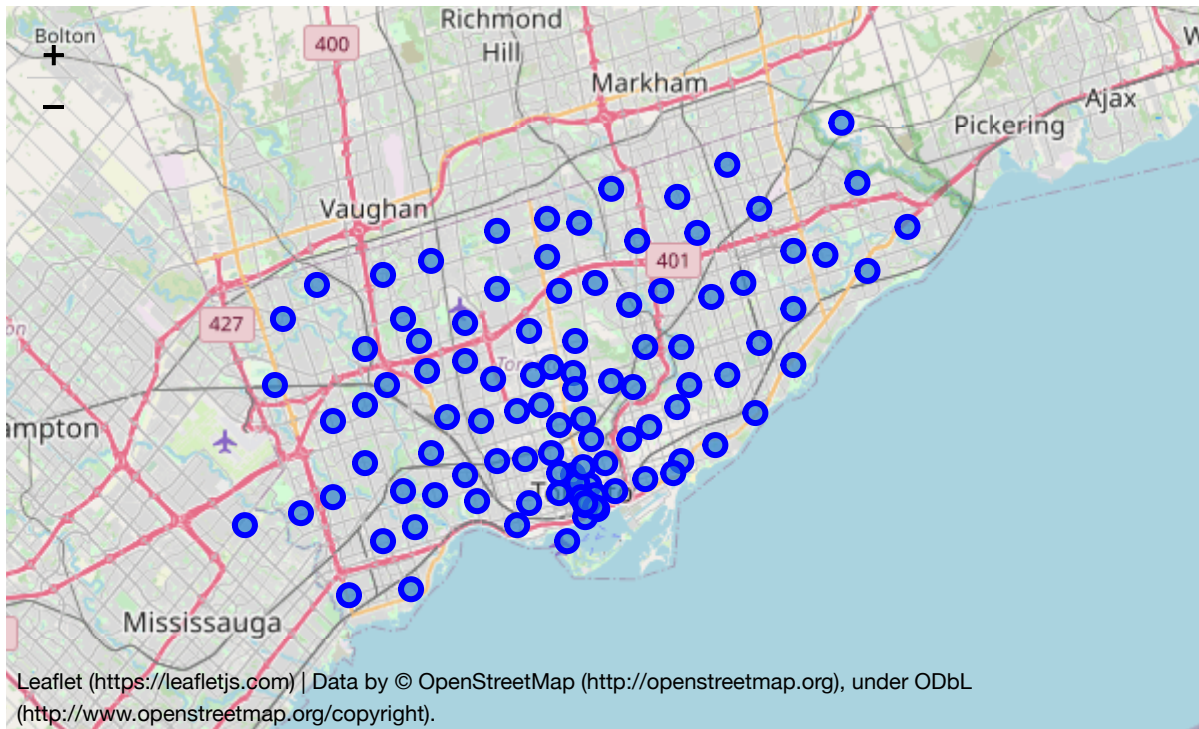

Merge the two data sets on matching Postal Code.

	PostalCode	Borough	Neighborhood	Latitude	Longitude
0	M3A	North York	Parkwoods	43.753259	-79.329656
1	M4A	North York	Victoria Village	43.725882	-79.315572
2	M5A	Downtown Toronto	Regent Park, Harbourfront	43.654260	-79.360636
3	M6A	North York	Lawrence Manor, Lawrence Heights	43.718518	-79.464763
4	M7A	Downtown Toronto	Queen's Park, Ontario Provincial Government	43.662301	-79.389494
5	M9A	Etobicoke	Islington Avenue, Humber Valley Village	43.667856	-79.532242
6	M1B	Scarborough	Malvern, Rouge	43.806686	-79.194353
7	M3B	North York	Don Mills	43.745906	-79.352188
8	M4B	East York	Parkview Hill, Woodbine Gardens	43.706397	-79.309937
9	M5B	Downtown Toronto	Garden District, Ryerson	43.657162	-79.378937

### 3.3 Display Boroughs in Toronto on a Map

First, I will use geopy library to get the latitude and longitude values of Toronto, Ontario. Then I will add markers on the map to represent the locations of boroughs.

The geographical coordinate of Toronto are 43.6534817, -79.3839347.

### 3.4 Use Foursquare Data to Understand the Businesses in the Neighborhoods

Let's get the top 100 venues that are in these neighborhoods within a radius of 500 meters.

There are 273 unique categories.

By display the top 10 venue categories in Toronto, we notice there are many coffee shops and cafes in the area. This represents substantial competition to any new coffee shop businesses.

Identify the top 10 venue categories for each neighborhood.

	Neighborhood	1st Most Common Venue	2nd Most Common Venue	3rd Most Common Venue	4th Most Common Venue	5th Most Common Venue	6th Most Common Venue	7th Most Common Venue	
0	Agincourt	Skating Rink	Lounge	Latin American Restaurant	Breakfast Spot	Donut Shop	Diner	Discount Store	D
1	Alderwood, Long Branch	Pizza Place	Gym	Coffee Shop	Skating Rink	Pub	Discount Store	Deli / Bodega	D
2	Bathurst Manor, Wilson Heights, Downsview North	Coffee Shop	Bank	Pharmacy	Fried Chicken Joint	Shopping Mall	Bridal Shop	Diner	
3	Bayview Village	Japanese Restaurant	Café	Bank	Chinese Restaurant	Dessert Shop	Dim Sum Restaurant	Diner	
4	Bedford Park, Lawrence Manor East	Italian Restaurant	Coffee Shop	Sandwich Place	Women's Store	Butcher	Restaurant	Café	

Now let's compile a list of neighborhoods that have "Coffee Shop" or "Cafe" as the 1st most common venue.

	Neighborhood	1st Most Common Venue	2nd Most Common Venue	3rd Most Common Venue	4th Most Common Venue	5th Most Common Venue	6th Most Common Venue	7 C
2	Bathurst Manor, Wilson Heights, Downsview North	Coffee Shop	Bank	Pharmacy	Fried Chicken Joint	Shopping Mall	Bridal Shop	
5	Berczy Park	Coffee Shop	Cocktail Bar	Bakery	Beer Bar	Farmers Market	Seafood Restaurant	
7	Brockton, Parkdale Village, Exhibition Place	Café	Coffee Shop	Breakfast Spot	Bakery	Stadium	Burrito Place	Fu
11	Canada Post Gateway Processing Centre	Coffee Shop	Hotel	Mediterranean Restaurant	American Restaurant	Intersection	Food Truck	Si
13	Central Bay Street	Coffee Shop	Italian Restaurant	Sandwich Place	Café	Salad Place	Bubble Tea Shop	
15	Church and Wellesley	Coffee Shop	Sushi Restaurant	Japanese Restaurant	Gay Bar	Restaurant	Yoga Studio	
18	Commerce Court, Victoria Hotel	Coffee Shop	Restaurant	Café	Hotel	Gym	American Restaurant	Re
29	First Canadian Place, Underground city	Coffee Shop	Café	Hotel	Restaurant	Gym	Japanese Restaurant	
31	Garden District, Ryerson	Coffee Shop	Clothing Store	Middle Eastern Restaurant	Italian Restaurant	Bubble Tea Shop	Japanese Restaurant	
35	Harbourfront East, Union Station, Toronto Islands	Coffee Shop	Aquarium	Café	Hotel	Italian Restaurant	Fried Chicken Joint	
43	Kensington Market, Chinatown, Grange Park	Café	Coffee Shop	Vegetarian / Vegan Restaurant	Vietnamese Restaurant	Mexican Restaurant	Bar	
55	North Toronto West, Lawrence Park	Coffee Shop	Clothing Store	Yoga Studio	Italian Restaurant	Pet Store	Chinese Restaurant	
62	Queen's Park, Ontario Provincial Government	Coffee Shop	Sushi Restaurant	College Cafeteria	Bar	Beer Bar	Smoothie Shop	Si
63	Regent Park, Harbourfront	Coffee Shop	Bakery	Pub	Park	Breakfast Spot	Restaurant	
64	Richmond, Adelaide, King	Coffee Shop	Café	Restaurant	Gym	Thai Restaurant	Deli / Bodega	

	Neighborhood	1st Most Common Venue	2nd Most Common Venue	3rd Most Common Venue	4th Most Common Venue	5th Most Common Venue	6th Most Common Venue	7 C
68	Runnymede, Swansea	Coffee Shop	Café	Sushi Restaurant	Pizza Place	Italian Restaurant	Pub	
72	St. James Town	Coffee Shop	Café	Cocktail Bar	Gastropub	American Restaurant	Clothing Store	M Re
73	St. James Town, Cabbagetown	Coffee Shop	Bakery	Restaurant	Café	Pizza Place	Pub	Re
75	Stn A PO Boxes	Coffee Shop	Seafood Restaurant	Japanese Restaurant	Restaurant	Café	Beer Bar	
76	Studio District	Coffee Shop	Café	Brewery	Bakery	Gastropub	American Restaurant	
77	Summerhill West, Rathnelly, South Hill, Forest...	Coffee Shop	Pizza Place	Pub	Light Rail Station	Supermarket	Bank	Re
78	The Annex, North Midtown, Yorkville	Café	Sandwich Place	Coffee Shop	Pizza Place	Indian Restaurant	Pharmacy

93	Woburn	Coffee Shop	Convenience Store	Korean BBQ Restaurant	Doner Restaurant	Dim Sum Restaurant	Diner	I

### 3.5 Clustering the Neighborhoods

Run k-means to cluster the neighborhood into 6 clusters using the Foursquare venue data.

	PostalCode	Borough	Neighborhood	Latitude	Longitude	Cluster Labels	1st Most Common Venue	2nd Most Common Venue	3rd Most Common Venue
0	M3A	North York	Parkwoods	43.753259	-79.329656	2.0	Park	Food & Drink Shop	Ice Cream Shop
1	M4A	North York	Victoria Village	43.725882	-79.315572	0.0	Pizza Place	Coffee Shop	
2	M5A	Downtown Toronto	Regent Park, Harbourfront	43.654260	-79.360636	0.0	Coffee Shop	Bakery	
3	M6A	North York	Lawrence Manor, Lawrence Heights	43.718518	-79.464763	0.0	Clothing Store	Women's Store	
4	M7A	Downtown Toronto	Queen's Park, Ontario Provincial Government	43.662301	-79.389494	0.0	Coffee Shop	Sushi Restaurant	Ice Cream Shop

	PostalCode	Borough	Neighborhood	Latitude	Longitude	Cluster Labels	1st Most Common Venue	2nd Most Common Venue	3rd Most Common Venue
5	M9A	Etobicoke	Islington Avenue, Humber Valley Village	43.667856	-79.532242	NaN	NaN	NaN	NaN
45	M2L	North York	York Mills, Silver Hills	43.757490	-79.374714	NaN	NaN	NaN	NaN
95	M1X	Scarborough	Upper Rouge	43.836125	-79.205636	NaN	NaN	NaN	NaN

These rows have NA because no venue data was returned for these neighborhood from Foursquare. We will label these as "6" in clusters.

	PostalCode	Borough	Neighborhood	Latitude	Longitude	Cluster Labels	1st Most Common Venue	2nd Most Common Venue	3rd Most Common Venue
0	M3A	North York	Parkwoods	43.753259	-79.329656	2	Park	Food & Drink Shop	3rd Most Common Venue
1	M4A	North York	Victoria Village	43.725882	-79.315572	0	Pizza Place	Coffee Shop	
2	M5A	Downtown Toronto	Regent Park, Harbourfront	43.654260	-79.360636	0	Coffee Shop	Bakery	
3	M6A	North York	Lawrence Manor, Lawrence Heights	43.718518	-79.464763	0	Clothing Store	Women's Store	
4	M7A	Downtown Toronto	Queen's Park, Ontario Provincial Government	43.662301	-79.389494	0	Coffee Shop	Sushi Restaurant	3rd Most Common Venue

Cluster Labels	count
0	85
1	1

### 3.6 Explore the Clusters

Cluster 1

	Borough	Cluster Labels	1st Most Common Venue	2nd Most Common Venue	3rd Most Common Venue	4th Most Common Venue	5th Most Common Venue	6th Most Common Venue
1	North York	0	Pizza Place	Coffee Shop	Hockey Arena	Portuguese Restaurant	Intersection	Dumpling Restaurant
2	Downtown Toronto	0	Coffee Shop	Bakery	Pub	Park	Breakfast Spot	Restaurant
3	North York	0	Clothing Store	Women's Store	Sporting Goods Shop	Boutique	Miscellaneous Shop	Furniture / Home Store
4	Downtown Toronto	0	Coffee Shop	Sushi Restaurant	College Cafeteria	Bar	Beer Bar	Smoothie Shop
6	Scarborough	0	Fast Food Restaurant	Print Shop	Women's Store	Dog Run	Dessert Shop	Dim Sum Restaurant

1st Most Common Venues in Cluster 1

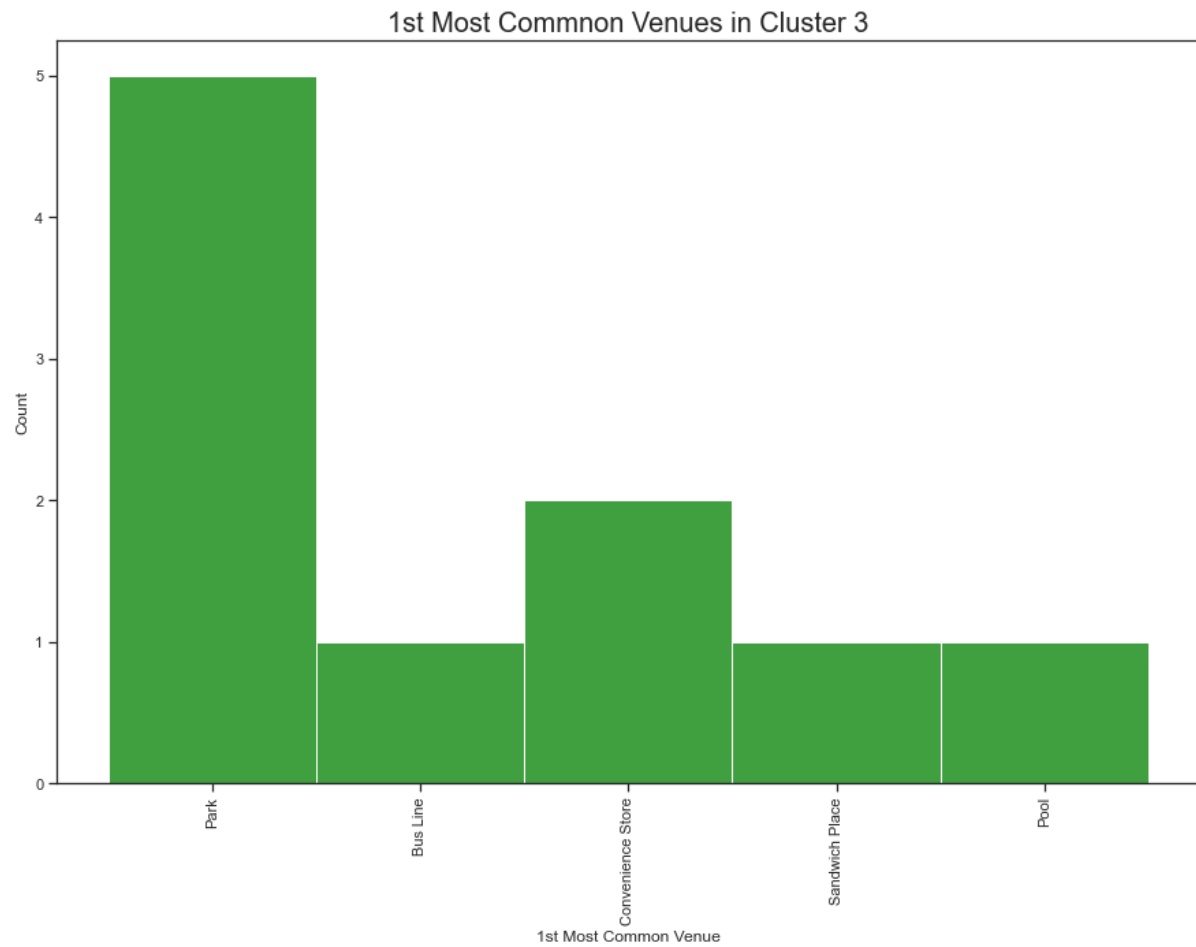

Cluster 2

	Borough	Cluster Labels	1st Most Common Venue	2nd Most Common Venue	3rd Most Common Venue	4th Most Common Venue	5th Most Common Venue	6th Most Common Venue	7th Most Common Venue
12	Scarborough	1	Bar	Women's Store	Dim Sum Restaurant	Diner	Discount Store	Distribution Center	Dog f

### Cluster 3

	Borough	Cluster Labels	1st Most Common Venue	2nd Most Common Venue	3rd Most Common Venue	4th Most Common Venue	5th Most Common Venue	6th Most Common Venue	7th Common Venue
0	North York	2	Park	Food & Drink Shop	Women's Store	Dog Run	Dessert Shop	Dim Sum Restaurant	
21	York	2	Park	Women's Store	Pool	Dog Run	Department Store	Dessert Shop	Dim Restaurant
35	East York	2	Park	Convenience Store	Metro Station	Donut Shop	Dim Sum Restaurant	Diner	Dis
52	North York	2	Park	Women's Store	Doner Restaurant	Dessert Shop	Dim Sum Restaurant	Diner	Dis
61	Central Toronto	2	Bus Line	Park	Swim School	Dog Run	Dessert Shop	Dim Sum Restaurant	

#### Cluster 4

	Borough	Cluster Labels	1st Most Common Venue	2nd Most Common Venue	3rd Most Common Venue	4th Most Common Venue	5th Most Common Venue	6th Most Common Venue	7th Most Common Venue
57	North York	3	Baseball Field	Paper / Office Supplies Store	Women's Store	Dim Sum Restaurant	Diner	Discount Store	Distribution Center
101	Etobicoke	3	Baseball Field	Donut Shop	Dim Sum Restaurant	Diner	Discount Store	Distribution Center	Dog

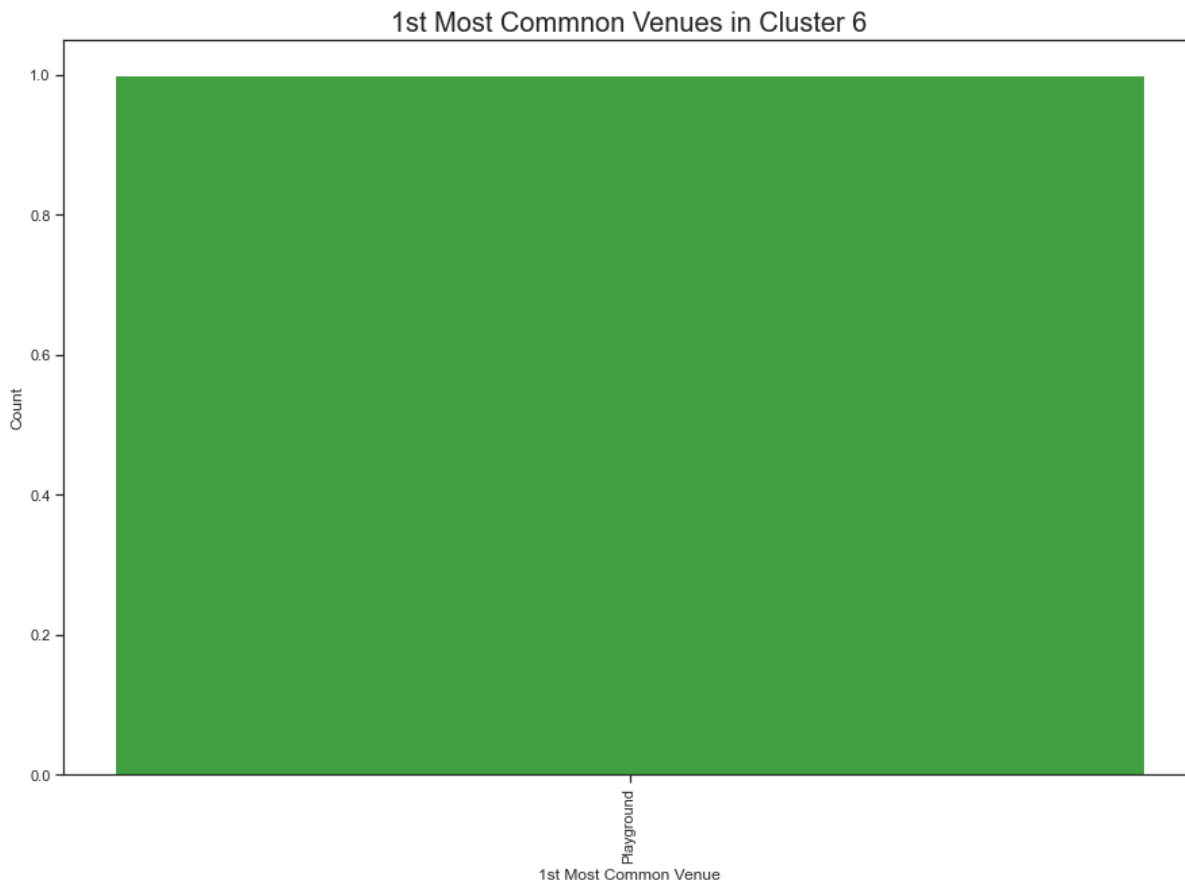

Cluster 5

	Borough	Cluster Labels	1st Most Common Venue	2nd Most Common Venue	3rd Most Common Venue	4th Most Common Venue	5th Most Common Venue	6th Most Common Venue	7th Most Common Venue
83	Central Toronto	4	Restaurant	Summer Camp	Women's Store	Dog Run	Dessert Shop	Dim Sum Restaurant	Diner

Cluster 6

	Borough	Cluster Labels	1st Most Common Venue	2nd Most Common Venue	3rd Most Common Venue	4th Most Common Venue	5th Most Common Venue	6th Most Common Venue	7th Common Venue
32	Scarborough	5	Playground	Spa	College Gym	College Rec Center	Ethiopian Restaurant	Electronics Store	Euro Restaurant

## 4. Results and Discussion

Cluster 1 contains the most diverse profile of venue categories, and coffee shop is the most common venue category in this cluster. From the sample detail of Cluster 1, these areas are most likely the financial/shopping districts in Toronto with many shops and event spaces. Cluster 3 also has a diverse profile of business types, but the most common venue category is park. The sample data of Cluster 3 shows that the area is mainly consisted of parks, transportation stations, and distribution centers. Cluster 3 is mostly located in the remote areas of Toronto. The other clusters only have 1 member.

## 5. Discussion

This project identifies the optimal location for a new coffee shop business based on the popular venue category in each neighborhood. However, other factors should also be accounted for when making business decisions. For example, the type of neighborhood will create different customer traffic in different times of the day. A commercial neighborhood will have more traffic during the weekdays while a residential neighborhood will likely have more traffic on the weekends. The demographics are also important, given people from one culture might prefer drinking coffee than people from other cultures.

## 6. Conclusion

Based on the cluster analysis, we can conclude that neighborhoods in cluster 1 will have most customer traffic but also strong business competition. Cluster 3 is represents a good opportunitith with less competiton, but might also have slow business growth for a coffee shop business. Other factors such as demographic components and neighborhood type should also be taken into consideration.
